

Product Identification

2017 Product Identification

Bostech Auto began laser engraving in March of 2017, you can identify the Bostech Auto products by the "B" within a square on most of our product line. All Diesel Injectors, HPOPs, EGR Coolers, IPR valves, FICMs, and IDMs will have this small logo. Products produced before March of 2017 will have various engravings, see **2016 Product Identification** booklet for more information.
